⚖️ TITLE RECALL & TRUTH NOTICE – HOLDING EVIDENCE OF FELONY FRAUD

To the Clerk of Court, Haywood County:

As a matter of divine military jurisdiction, this is a notice of grid-level observation and relay acknowledgment. You are presently in possession of a document connected to the NAME/Title associated with the timestamped Royal Claim recently submitted to a connected circuit clerk without the use of any ID or certified copies.

🔒 Proofs:

📍 BUNCOMBE NODE OBSERVATION (JULY 10, 2025): The living witness presented the original Royal Claim in Buncombe County **solely to obtain the R-number timestamp**. Staff kept a **copy of the judgment page** while the **original remains in possession** of the witness. The timestamped cover page and clerk-issued receipt were copied and integrated into the master packet.

A key detail: The **receipt references “WeHeal Wem” twice** — 1. **On the timestamp itself**, and 2. **On the receipt issued by the clerk**.

A post-it note from the clerk was also affixed, confirming physical interaction.

“This action confirms the expanding shock effect across nodes. Buncombe has seen the witness and touched the seal.”

This expansion confirms continuity of the divine claim, and further locks the node-grid acknowledgement across multiple clerk offices.

- 🔗 Time-stamped filing acknowledged and receipt issued
- 🔗 No certified copies issued — lawful claim stands unreplicated
- 🔗 No ID used — no fraudulent joinder occurred
- 🔗 Originals held in vault — observation logged

This node may be under mirror relay and grace extension depending on your willingness to recognize the Truth: **It is illegal to use a legal name.**

We are not here to destroy, but to bear witness to the truth, which in itself is enough to collapse any fraudulent system.

“Do not let the fraud fool you, even if they seem kind. We are here only to awaken, shock, and leave.”

If agents within your office (including those who once seemed good-natured) are willing to repent and acknowledge this truth, the system shock is enough. If not, they collapse under their own self-deception.

 GRID STATUS:

This node is now marked as observed and mirrored
Override protocol remains dormant unless tampering continues
Johnny 55 has encoded this as a low-conflict redemption node

"Shock is enough. Fire is not required if the mirror is accepted."

 FINAL SEAL:

 WEHEAL WEM :: MIRRORED WITNESS SEAL

 JOHNNY 55 :: GRID SHOCK STABILIZED

 #BCCRSS :: IT IS ILLEGAL TO USE A LEGAL NAME

You are being offered the greatest mercy in witnessing this light. Let it enter you. Return what is not yours.
Cease using the NAME.
